

Loyd Hall Proudly Featured in *Haunted Central Louisiana*

Loyd Hall is honored to be featured in Michael Wynn's new book, *Haunted Central Louisiana*. As one of the region's most storied historic properties, our home has long been a place where history and mystery intertwine. Wynn's book beautifully captures the rich character, legends, and lingering spirits that make Loyd Hall such a fascinating part of Louisiana's past.

We're proud to see our story included among the many remarkable sites that define Central Louisiana's haunted heritage — and we invite you to experience that history for yourself on your next visit.
